## Delegation and Coordination Services

ACCESS Health International coordinates joint learning programs between and within countries for those seeking to improve the performance of their health systems. For incoming delegations, ACCESS Health local offices coordinate and support meetings and visits of delegations from international institutions in healthcare, aging and other health related sectors. We support events and activities that are in alignment with the overall international strategy and objectives of ACCESS Health International.

## About ACCESS Health International

ACCESS Health International is a nonprofit think tank, advisory group, and knowledge and implementation partner to governments and the private sector. We are dedicated to improving access to high quality, affordable healthcare in low, middle, and high income countries. We advise national and regional governments and the private sector on the design and management of healthcare finance and delivery systems. Our team members reside in country. We establish long term relationships within each country to address both national and local healthcare needs. We identify and develop leaders in healthcare in the countries where we work.
